Certified Courses

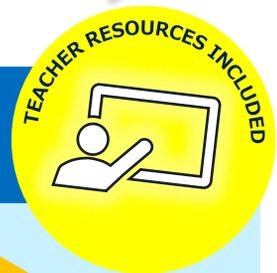

Our research shows that students love to earn badges, points and ranks – so we've made sure this important reward tool is **embedded in every course** at Young Leaders Academy.

Learners get points for completing modules, topics, assignments and quizzes. They can exchange their points for Ranks – moving from Assistant to Manager all the way up to CEO! They get specific badges for completing modules. And a **digital certificate** when they complete their course.

Meanwhile your school can **track progress** and get up to the minute performance data with our easy-to-use Management tool making **administration, monitoring and reporting** a breeze.

Student Leadership Training Modules

Each course contains modules, lessons, assignments, quizzes and videos that are pertinent to that course. They enable the learner to develop the skills required to fulfil those leadership roles to the best of a learners ability. They are designed to be fun, engaging and build a learners confidence, problem solving skills, initiative and teamwork amongst many other key areas of development. **Full teacher resources and lesson plans included!**
